

Bruce Sokoloff, M.D., FACP **Wilmington, DE** **Internal Medicine**

“Over the past several years it has become increasingly difficult to deliver thorough undivided medical care for each of my patients. Total Access Medical provides me with the resources to again offer dedicated, timely, and meticulous patient care in a relaxed setting that caters to the individual. This personalized, old-fashioned approach to medicine is not only appealing...but necessary.”

Dr. Sokoloff has been practicing medicine in Wilmington, Delaware since 1986. A graduate of Thomas Jefferson Medical College of Philadelphia, Pennsylvania and board certified in Internal Medicine and Forensics, Dr. Sokoloff has dedicated the better part of his career to preventative care. As one of the most accredited physicians in the Wilmington area, Dr. Sokoloff also places a strong emphasis on ongoing education. He has extensive experience in preventative Cardiology, Osteoporosis, Depression and Anxiety Disorders, Diabetes and Arthritis, Asthma and other common chronic conditions. Dr. Sokoloff is on staff at Christiana Care Medical Center and St. Francis Hospital.
