

Robert Weiss, M.D.
Bala Cynwyd, PA
Internal Medicine

“Total Access Medical has given me the opportunity to provide more time, resources and flexibility in managing and coordinating patient care at the highest level. Now, I can truly focus on each one of my patients, treating them with complete dedication, compassion and diligence without distraction. I can once again lead a normal life while doing what I love - treating and caring for patients one at a time, providing them with quality care that they truly deserve.”

Dr. Weiss has been practicing medicine in Philadelphia since 1968. A graduate of Temple University and board certified in Internal Medicine, Dr. Weiss has extensive experience in all aspects of clinical care, receiving several teaching and excellence awards throughout his career. As one of the most accredited physicians in the Philadelphia area, Dr. Weiss places a strong emphasis on providing complete and quality care for his patients. Much of his career has been dedicated to furthering his education in medicine as a member of many nationally recognized medical organizations. Dr. Weiss serves as an Assistant Clinical Professor at the Philadelphia Psychiatric Hospital and is on staff at University of Pennsylvania, Presbyterian, and each of the Main Line Hospitals.
